

CONFIDENTIAL AGREEMENT & DOSSIER

Document ID: PDFCHOP-2026-X9

Executive Summary

This document serves as a full verification and stress-test dossier.
It tests Truecolor page rendering, text extraction, rotation, and compression.

Key Highlights:

- Zero cloud dependencies - 100% offline terminal engine
- 24-bit Truecolor ANSI terminal page rendering
- Precise target byte budget compressor with binary-search quantization
- Interactive page surgeon with live keyboard controls

Exhibit A: High-Resolution Graphic Asset

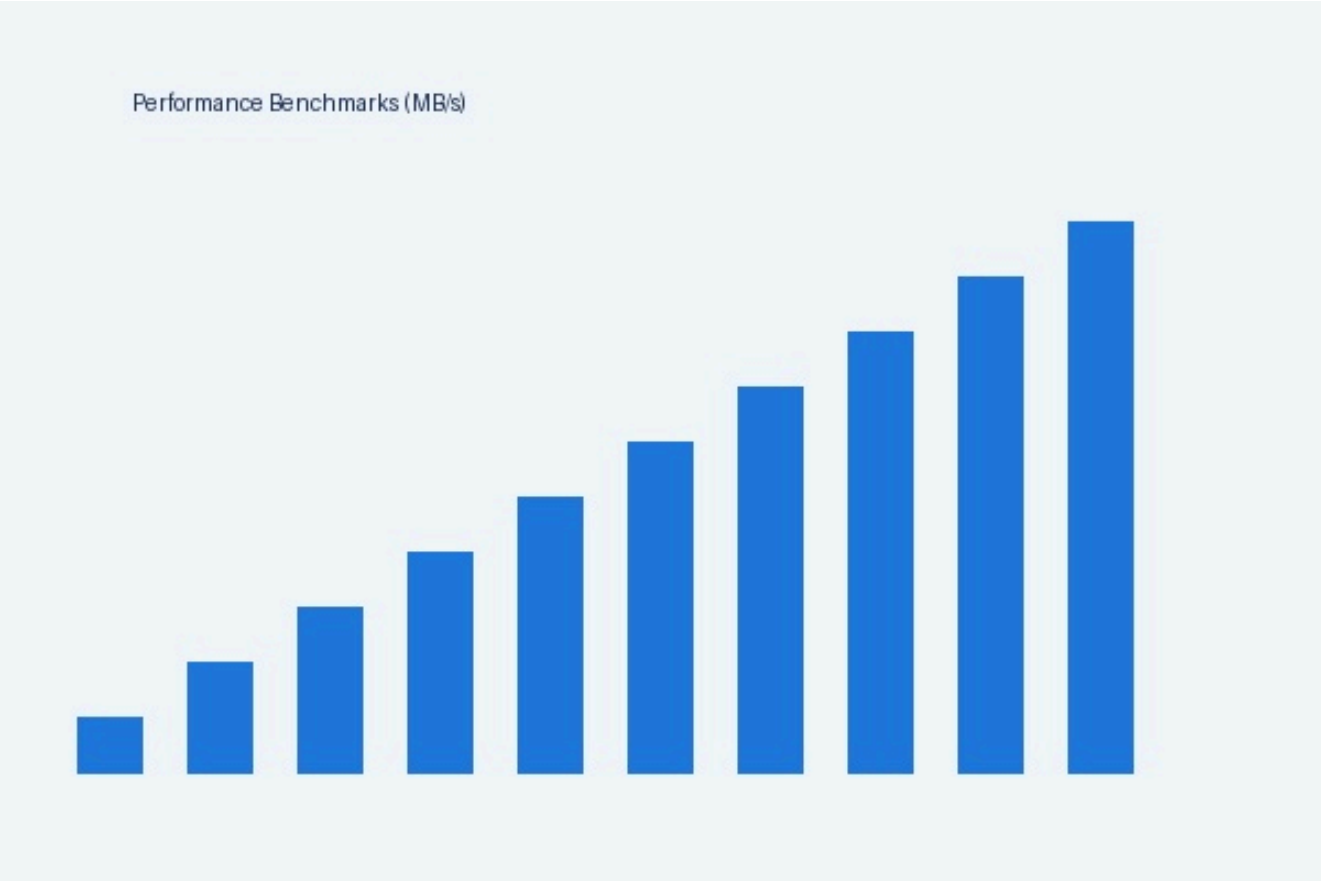

Figure 1.1: Throughput scaling across concurrent decompression threads.

Exhibit B: Financial Breakdown (Q1 - Q4)

Cloud Computing	\$14,250
Database Sharding	\$28,500
Network Ingress	\$42,750
Security Audits	\$57,000
Total Expenditure	\$71,250

ROTATED EXHIBIT (90 DEGREE ROTATION TEST)

Press [r] in pdfcrop TUI to rotate this page back to normal.
